An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the Contracting Authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be reexamined to identify the eight best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

- 1) The total number of projects managed by the candidate according to criterion 3, in case several candidates would have the same number of eligible projects fulfilling the selection criteria, the candidates will be ranked in descending order according to the total amount of their own contribution to the projects eligible under criterion 3.
